ˆɪèéLow-Density Parity-Check Quantum Error-Correcting Codes
Region segmentation for sparse decompositions: better brain parcellations from rest fMRI
Which fMRI clustering gives good brain parcellations?
Benchmarking solvers for TV-ℓ_1 least-squares and logistic regression in brain imagingIEEE
Extracting brain regions from rest fMRI with Total-Variation constrained dictionary learning
Benchmarking solvers for TV-ℓ_1 least-squares and logistic regression in brain imaging
"SpaceNet: Multivariate brain decoding and segmentation"
"Speeding-up model selection in GraphNet via early-stopping and feature-screening"
Benchmarking solvers for TV-ℓ_1 least-squares and logistic regression in brain imaging
